# Know what you'll pay before getting care

The health cost estimator allows you to research treatment options and learn about the recommended care and estimated costs associated with your selected treatment option. You can even access quality and efficiency measurements for participating providers.

**Refine results**  
Narrow or expand your search area or refine your search for only preferred providers or by star reviews from actual patients.

**View services and costs**  
You can get an estimate based on your location, provider and remaining out-of-pocket cost. You can also see if a provider is above, below or in line with the local average cost.

It's easy to get started. Just look for the **Health cost estimator** tile on your personal home page.
